# ABOUT US

The first company of Peerot Group was founded in Kirkuk, Iraq on 1986 and it was specialized in agricultural tools and the production of heavy equipment, it was one of the first companies in this domain at the time and contributed to the development of agricultural mechanization in Iraq, the company was an extension of the first specialized iron forging lab in Kirkuk, which was established on 1962.

After the successful of this company the brothers of Peerot decided to move the company to another level and enter the world of armoring cars in 2004 since it's relation to the advanced iron forging and the urgent need for the Iraqi market to a specialized company in this filed.

From there, the first specialized Iraqi company was launched on a global level according to modern scientific and began competing against global companies in the domain of armored vehicles in the Iraqi market and that for the high quality and quick turnarounds to find innovative solutions in the hardest filed situations. At the same Peerot Company for special security were founded, and started sending its specialized staff members to attend special courses outside Iraq to gain the necessary experience and competence to provide the best protection services in the local market.

The necessity of managing these companies in the way that serves our clients with the best services led to form Peerot Group on 2007 with new subsidiary companies for general contracting, trade and transport to meet the urgent needs of the open Iraqi market for development and construction.

Today, Peerot Group is considered as a role model in the development of Iraqi companies and permanent quest for creativity in all areas, and the desire and the determination to the presence of Iraqi companies operating at the highest levels of competence needed also an example of commitment and punctuality and quality of the final product and customer satisfaction.

# MISSION & VISION

In Peerot Group, we have developed a culture that promotes an injury free environment and provides the safest workplace possible for our employees, subcontractors, clients and those entering or within proximity of our worksite.

Our mantra is: "Every worker goes home from each of our projects, every day". Partnering with leaders in the insurance industry we are developing the next generation of all-protection systems through innovative training and education programs. We also provide our employees and subcontractors with the tools, knowledge and resources they need to increase safety, reduce risk and improve loss control on every project we manage.

## The Key To Success!

# STRATEGIC ORIENTATIONS

Peerot Group is keen to provide its services and products to meet the requirements of the customer or the internal & external interested parties, according to the highest standards through the pursuit of the application of quality systems represented by the implementation of the systems of quality management and environment as an initial stage, the company is currently in the stage of qualification and grants, Then apply the rest of the systems that meet the requirements and expectations of our customers and allies in the course of our future work.

## OUR PHILOSOPHY.

Peerot Group philosophy is simply the permanent and continuous quest to reach the state of perfection in the completion of projects of various kinds and in shortest duration and access to full customer satisfaction and the provision of integrated services to the beneficiaries of these projects and always find solutions for urgent situations faced by project or customer.

*"Every worker goes home from each of our projects, every day"*

## What We Do.

01

Peerot Group has a large experience in construction field and transportation, Peerot Group worked with international companies in big strategic projects in different provinces of Iraq.

02

Peerot Group is one of the first companies in Iraq which was worked in oil field, power and energy including the piping, tanks, site preparation and equipment supply.

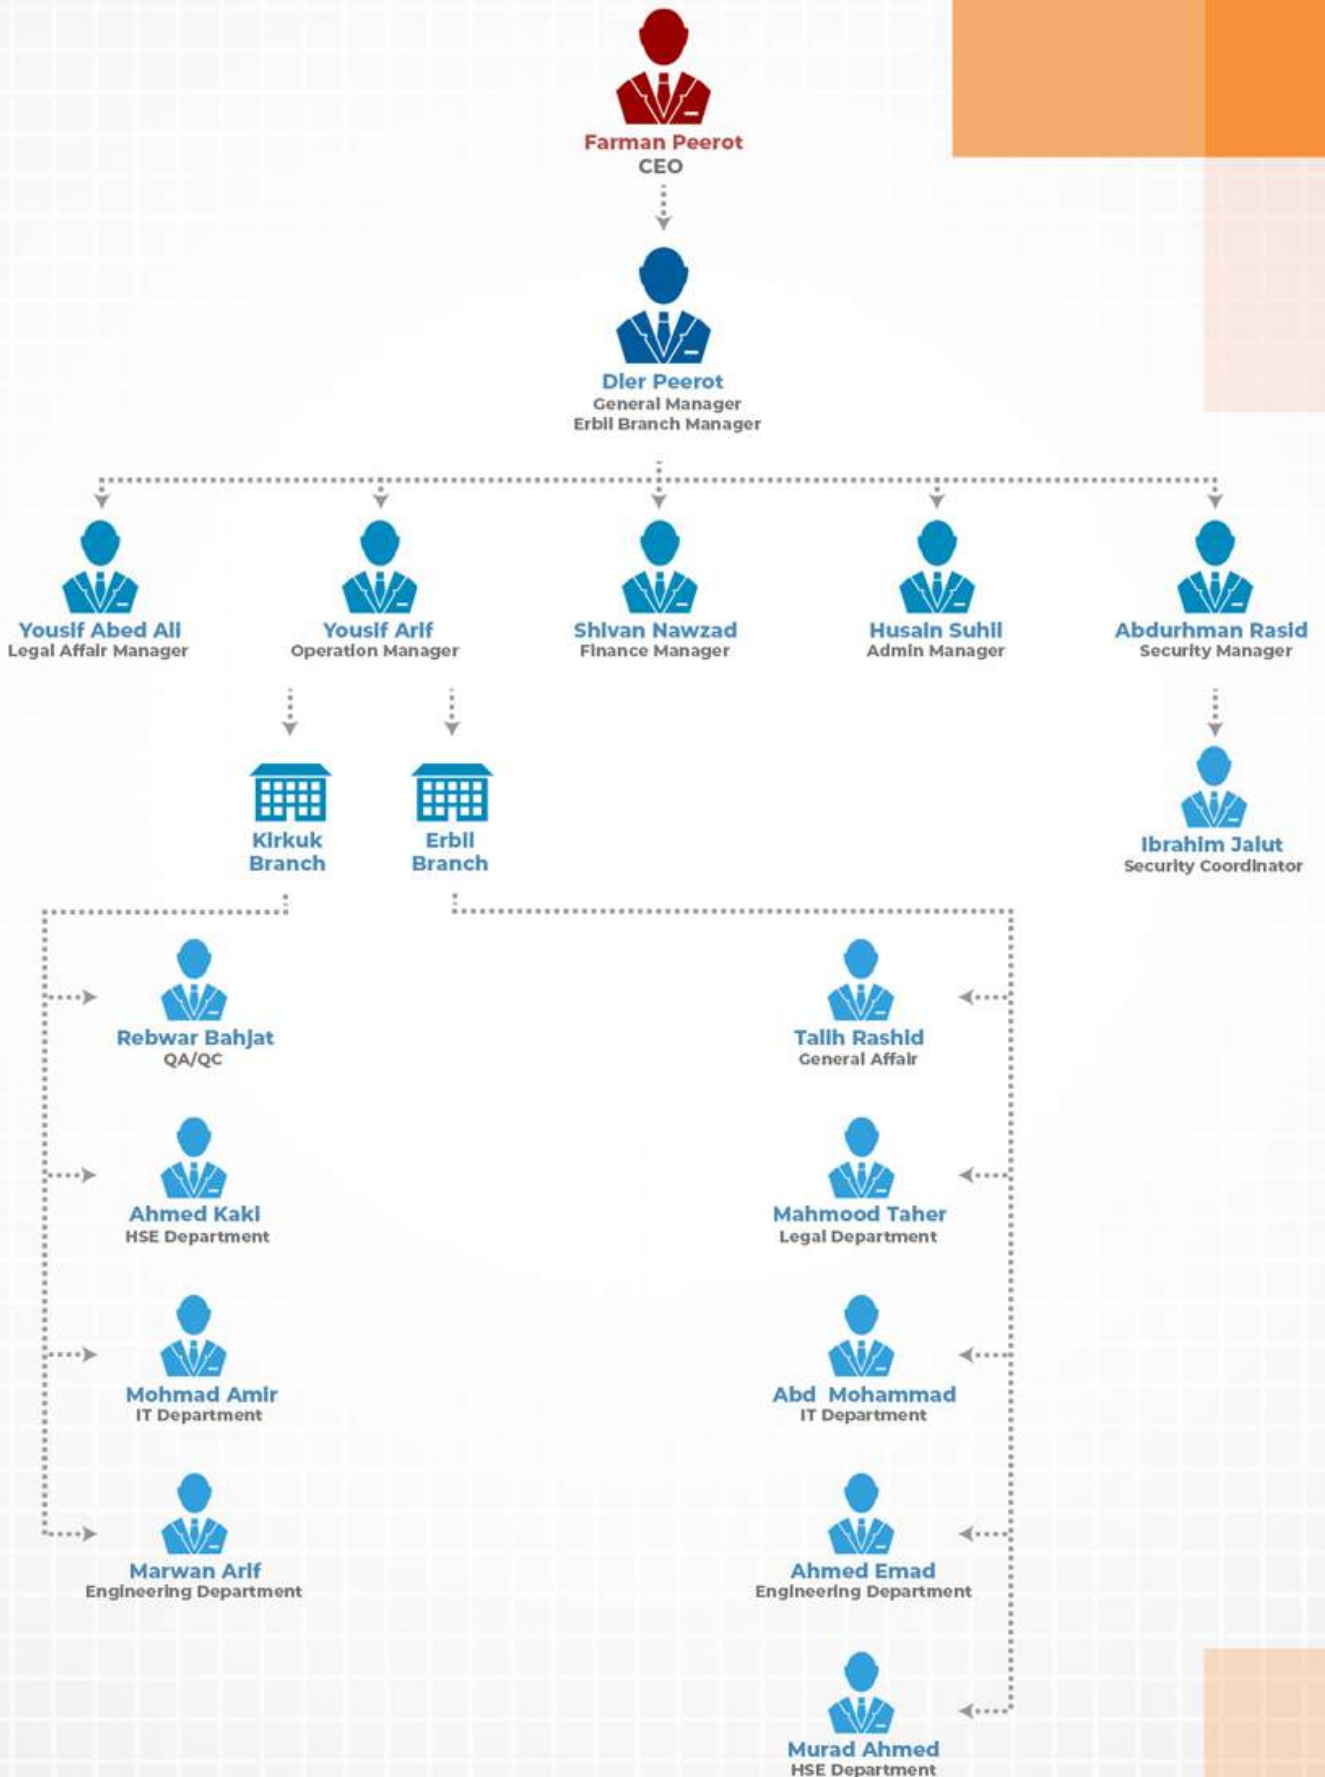

03

Peerot Group has one of the best of the security company which consider the first company inter to this business with international standards and it was accepted from international companies such as Siemens and Posco E&C

04

Also, Peerot is the one of the biggest companies which worked in the logistics and transportation field.

# ORGANIZATION CHART

# HSE POLICY

## ZERO INJURIES.

*We work together as One Team - employees, contractors and suppliers - towards to Zero injuries.*

We work together as OneTeam – employees, contractors and suppliers – towards Zero injuries.

Each of us is held accountable for our individual and team's health, safety, security and for keeping the environment free from harm. We deliver our commitments by living the 14 elements of our HSSE management system:

- 1 **Leadership:** We are visible leaders at all levels and demonstrate a genuine commitment to HSSE.
- 2 **Risk Management:** We keep our team safe by identifying, assessing and controlling risks. The Life Saver rules are adhered to at all times.
- 3 **Planning:** We set clear HSSE goals, objectives, expectations and targets to deliver our business plans safely.
- 4 **People & Capability:** We carefully select and train our team so that they are able to perform their work safely.
- 5 **Communication, Consultation & Documentation:** We keep people informed and ensure team members are consulted on any HSSE matters that might affect them.
- 6 **Facility Design & Construction:** We design and construct our facilities to perform safely and reliably.
- 7 **Operations & Maintenance:** We operate and maintain our facilities safely, the way they were designed.
- 8 **Working with Contractors & Suppliers:** We work together with our contractors and suppliers to manage workplace risks.
- 9 **Emergency & Security Management:** We plan ahead and develop capabilities to deal with emergencies, should they occur.
- 10 **Management of Change:** We recognise and control business changes that could impact HSSE.
- 11 **Performance Measurement & Monitoring:** We monitor our HSSE performance and always seek improvements.
- 12 **Incident Management & Learning:** We learn from incidents and take the necessary actions so that they don't happen again.
- 13 **Governance:** We regularly check to ensure all of our HSSE expectations and obligations are met.
- 14 **Management Review:** We regularly review our HSSE performance and make adjustments in support of our goal of zero injuries.

“...put the Life Savers into practice every single day...”

“...be clear on the part you play in safety...”

## OUR PROJECTS.

Project	Contract	Client	Period	Amount	Description
Khabat Thermal Power plant 300 MW	Provide man power and equipment	<b>GAMA</b>	2014~2018	<b>4,450,000 USD</b>	Provide more than 120 skill and unskilled workers and 90 heavy equipment.
Bazian 400 Kva GIS substation	Cable pulling & Test	<b>POSCE&amp;C</b>	2016	<b>1,200,000 USD</b>	Install and pull 1600 mm cable with all required tests.
Supply Groud oil tanks	Supply two tanks with capacity 10000 m3	<b>South Oil Refinery Company</b>	2018	<b>1,750,000 USD</b>	Supply two tanks for groud oil in Kirkuk with all accessories.
Supply and install 10000 ton boiler	Supply and install 10000 ton boiler	<b>South Oil Refinery Company</b>	2018	<b>500,000 USD</b>	Supply and install 10000 ton boiler with all accessories
Bazian 400 Kva GIS substation	Slop road construction with protection wall	<b>POSCO E&amp;C</b>	2017	<b>1,100,000 USD</b>	Construct access road to the site 2 KM with protection wall

# OUR PROJECTS.

Project	Contract	Client	Period	Amount	Description
Kindergarten building	Construct Kindergarten building	Kurdistan Council of Ministry	2010	1,434,824 USD	Construct two Kindergarten building model building with supply with all required furniture and equipment
Kormor LPG PLANT	Hazardous waste and contaminated soil disposal	DANA GAS & Crescent Petroleum	2018~2020	711,650 USD	Despoil chemical waste and treat the contaminated soil
Taza Gas Power Plant	Warehouse construction and workshop	Ministry of Electricity	2011	273,190,000 IQD	Construct 60X30 m warehouse and work shop
Lafarge cement plant	Fuel transportation	Lafarge	2019	628,981,925 IQD	Fuel transportation from oil refineries to the cement plant in Karbala province
Kirkuk Cement Plant	Supply and transport limestone	Iraqi Cement State Company	2013~2014	6,930,000,000 IQD	Provide the limestone from quarry and transport it to the cement plant 1500 ton per day (total quantities 450,000 ton) two phase contract
East Kirkuk Substation	East Kirkuk substation 132 KVa	Ministry of Electricity	2011	632,475,000 IQD	Supply and construct the foundation of towers , supply and install transformers , ,cable pulling , and construct the access road
Kirkuk city Road paving	Road paving	Kirkuk Municipality Directorate	2011	1,808,720,200 IQD	Road paving in Rahim awa
Kirkuk city Road paving	Road paving	Kirkuk Municipality Directorate	2011	4,659,255,000 IQD	Road paving in Shorja
Kirkuk Cement Plant	Supply and transport limestone	Iraqi Cement State Company	2013~2014	6,930,000,000 IQD	Provide the limestone from quarry and transport it to the cement plant 1500 ton per day

## OUR PROJECTS.

## SECURITY COMPANY

Project	Contract	Client	Period	Amount	Description
Khabat Thermal Power Plant	Gate Control and statistic security	Posco E&C	2015~2020	1,344,000 USD	Provide security service and gate control for the site
Bazian 400 KVa GIS substation	Gate Control and statistic security	Posco E&C	2015~2019	920,000 USD	Despoil chemical waste and treat the contaminated soil
Khabat Thermal Power Plant	PSD services	Posco E&C, and Siemens	2015~2018	1,524,000 USD	Provide PSD security including armor vehicles services to Siemens expert team in the site
RT Bank	RT bank Kirkuk Branch	RT Bank Head Office	2017~ Ongoing	4,500,000 IQD / Per month	Fuel transportation from oil refineries to the cement plant in Karbala province
Qalam Institute	Qalam University	Qalam Institute	2015~ Ongoing	5,000,000 IQD / Per month	Provide the limestone from quarry and transport it to the cement plant 1500 ton per day (total quantities 450,000 ton) two phase contract
Gold Grand Bazar	Kirkuk	Trade Syndicate	2011~ Ongoing	8,500,000 IQD / Per month	Security for the bazar and gate control
Mall of Kirkuk	Kirkuk	Mall of Kirkuk	2017~ Ongoing	4,200,000 IQD / Per month	Security for the building and gate control
Najma Refinery	Kirkuk	Najma Co.	2017~ Ongoing	3,900,000 IQD / Per month	Security for the site and gate control
Mosul Dam	Mosul	Versar	2016~2017	38,948 USD / Per month	Provide PSD security including armored vehicles services to Versar's foreign expert team in the site

# LION OF BABYLON

Lion of Babylon For Power Projects  
شركة أسديابل لمشاريع الطاقة

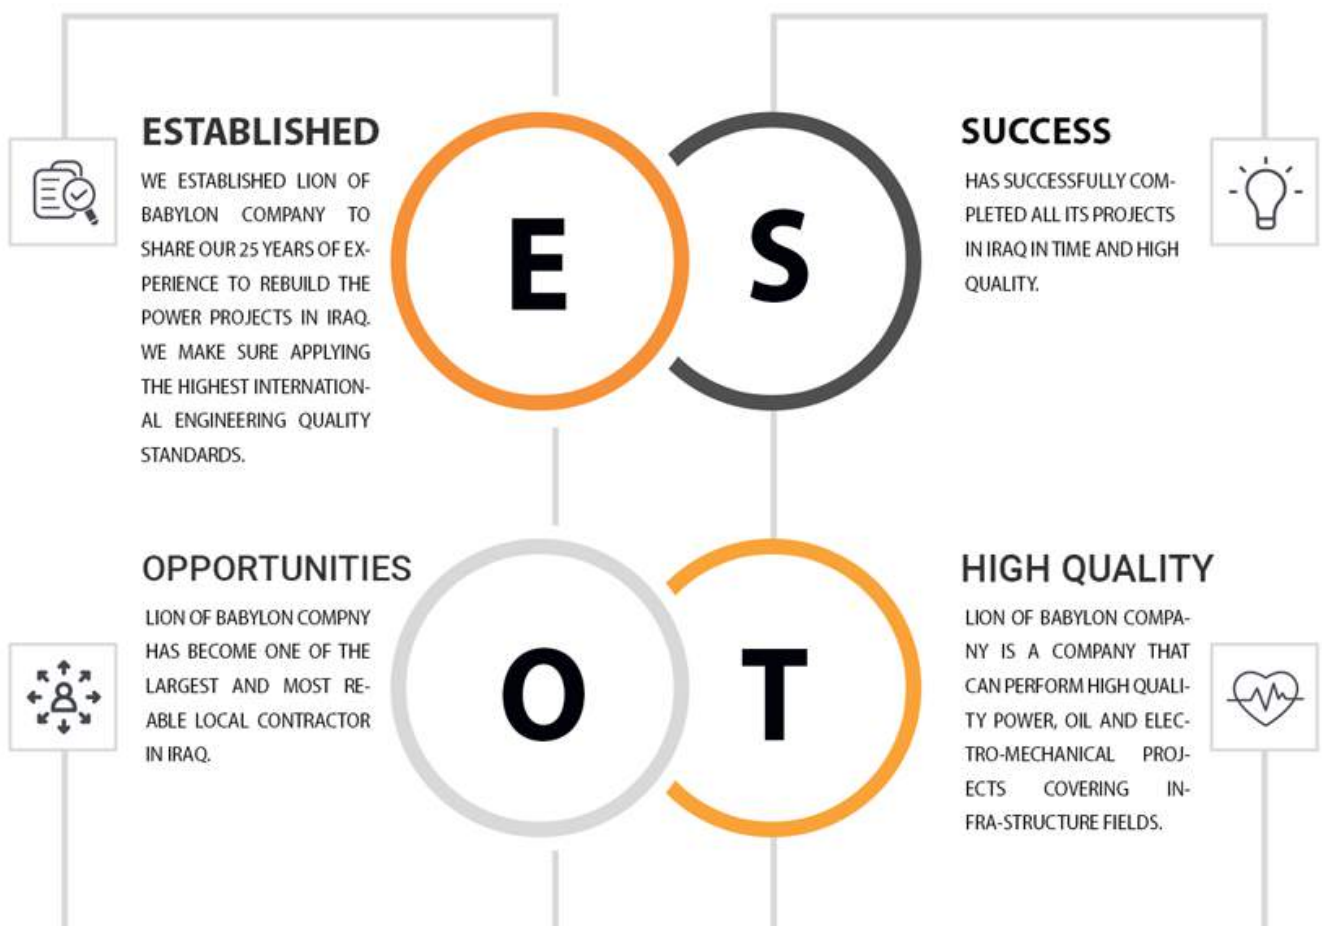

LION OF BABYLON COMPANY General Contracting Company, Ltd. (L.o.B.) in response to the needs for rebuilding of power field in Iraq. Specialized in Civil, Mechanical, Electrical Construction and Electro-Mechanical Engineering Design.

## FACTS

LION OF BABYLON Company supported by an experienced and a highly competent management team and has employed some of the best skills with direct knowledge and experience.

## FIRST GRADE

LION OF BABYLON Company is one of the largest construction companies in Iraq with a successful record in construction, rehabilitation, and maintenance for power field.

# LION OF BABYLON COMPANY

## ELECTROMECHANICAL CAPABILITY

### Over Headline and Cables

Assembly, Erection, Testing, Commissioning and Energizing for different types of projects 400,132 and 33 Kv Over Headlines and High Voltage, Medium Voltage, Low Voltage and Communication Cables Projects.

### Balance of Plants (Bop)

Installing, Testing, Pre-Commissioning and Commissioning for Bop equipment (Water Treatment, Fuel Treatment, Gas Station, Forwarding Skids, Unloading Station, Main & Auxiliary Transformers, Air Compressor, Cooling System...etc.).

### Piping

Prefabricating, Installing, Welding, Testing, Pre commissioning and commissioning for all types of Pipes, Valves and connections with different types of welding methods.

### Steel structure and O.H. Cranes

Assembly, Erection and Commissioning for many types of Steel Structures (Gantry, Beam, Towers...etc.) Also, for different types of Over Head Cranes.

### Tanks

Assembly, Erection, Testing, Commissioning for different types of Tanks (Raw water Storage, Demi Water Storage, Fire Water Storage, Service Water Storage, Potable Water Storage, RO Permeate, Sewage Treatment, Chemical Tanks.

### Commissioning

Pre-Commissioning, commissioning, Inspection, First Fire, Synchronizing and Reliability Test for many power projects.

### AIS & GIS Substations and Switchyard

Installing, Testing, Pre-Commissioning and Commissioning for AIS & GIS Substations and Switchyard including (CB, DCS, ES, SA, CVT, CT, PT, Bus Bar ...etc.) for 400, 132 and 33 Kv.

### Engineering Design

Design Calculation and Drawings of Equipment Foundations, Process Building, service Building, Drainage & Sewer Systems, roads, Culverts, Parking, Fuel & Water Tanks, Steel Structure supporting & Building.

# LION OF BABYLON COMPANY

## CIVIL WORK CAPABILITY

- A** Project Management, Project Control Activities and QA/QC Services on Civil Constructions.
- B** Civil and Structural Design Calculations and Drawings for Foundations of Equipment and Buildings.
- C** Civil and Structural Design Calculations and Drawings for Roads, Culverts and Site Utilities.
- D** Detailed Civil Engineering, Shop Drawings and Bar Bending Schedules.
- E** Design of all types of steel supporting structures and steel structure buildings and warehouses.
- F** Preparation of As-Built Drawings.

### Contents title

- G** Detailed Design Calculations and Drawings for Sub-Stations and Transmission Lines.
- H** Design Calculation and Drawings of Equipment Foundations, Process Building, service Building, Drainage & Sewer Systems, roads, Culverts, Parking, Fuel & Water Tanks, and Steel Structure supporting & Building.

A great business  
**is always**  
based on perfect  
**relationships.**

- I** Civil Construction for Gas Turbine power plants.
- J** Civil Construction for GIS and AIS Substations (400,132 and 33 Kv).
- K** Civil Construction for GIS and AIS Substations (400,132 and 33 Kv).
- L** Civil Construction for Equipment Foundation, Construction, Trench, Service Building and Industrial Buildings.
- M** Civil Construction for Switchyard Equipment, Gantry Tower and Transmission Line Foundations.
- N** Civil Construction for Roads and Fences.

# OUR CERTIFICATES

## CERTIFICATE

Management system as per  
**ISO 45001 : 2018**

In accordance with TÜV NORD CERT procedures, it is hereby certified that

**PEEROT Group Co. For General Construction,  
Trading and Public Transportation Ltd.**  
Rahim Awa District - In front of Mosque Al-Ahkwan  
Peerot Street, Kirkuk, Iraq

with the location : PEEROT Group Co. For General Construction,  
Trading and Public Transportation Ltd.  
MRF Building Opposite Empire Buildings D4 Flat 3, Erbil, Iraq

applies a management system in line with the above standard for the following scope

**Contracting, Construction Projects, Supply, Transportation of Construction  
Materials, Armoring and Private Security Services**

Certificate Registration No. 44 126 19580074  
Audit Report No. 5800 9859

Valid from 2019-11-19  
Valid until 2022-11-18

at TÜV NORD CERT GmbH

Abu Dhabi, 2019-11-19

This certification was conducted in accordance with the TÜV NORD CERT auditing and certification procedures and is subject to regular surveillance audits.

# OUR CERTIFICATES

January 11, 2017

To: Peerot Private Security, Harsham 1, building #, 13/19, Ankawa, Erbil, Iraq

Re: Certificate of Completion and Performance

This letter confirms The Peerot Group provided armed security services, mobile security services, logistics services, liaison services, and project management services to Versar, Inc. in Kurdistan including Mosul Dam, Dohuk, and Erbil. The work was performed by Peerot Group under a subcontract with Versar, Inc. supporting Versar's Prime Contracts with the US Army Corps of Engineers (W912ER-14-D-0018, Task Order 003 and W912ER-16-C0009).

Peerot Group began supporting Versar in July 2016 and successfully completed all project tasks in January 2017. Their team and management staff were exceptional and their services greatly exceeded our expectations. Peerot Group operated professionally, promptly, and accurately.

I would use Peerot Group again on future projects and strongly recommend them to other companies or agencies.

Please contact me directly for further inquiries at +1 (303) 450-1933 or [barbuckle@versar.com](mailto:barbuckle@versar.com).

Sincerely,

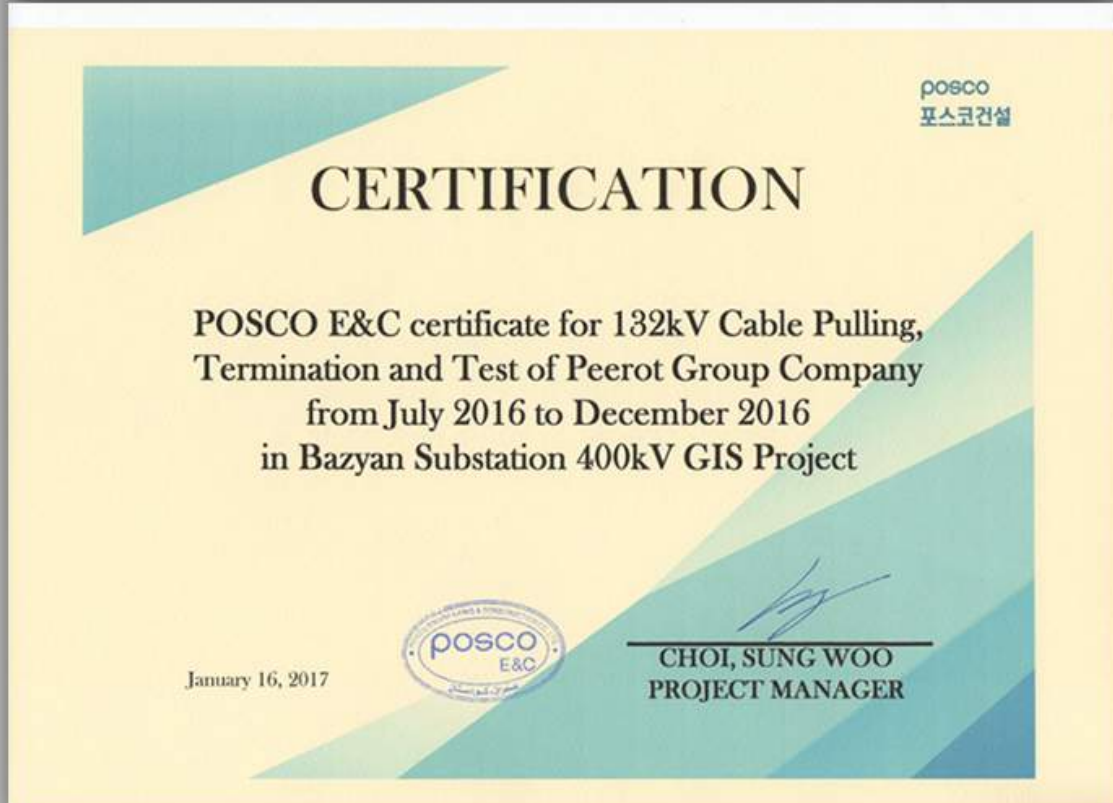

A handwritten signature in black ink, appearing to read 'Brian J. Arbuckle', written in a cursive style.
